**Thursday Beginner Class**

7:00 PM / Debbie Sullivan

**West Coast & Quickstep**

Here's two dances that we are very excited about presenting to you tonight – especially on the beginner level. First up is the **West Coast Swing** – a great dance that inspires individuality in any dancer. It's a cousin to our popular *East Coast Swing* and uses many of its ideas, though it has a style all its own. Next on the list is the **Quickstep**. This dance seems to intimidate many, but it really shouldn't. Its basic ideas are taken from the simple *Foxtrot*, though by putting a little spring in the step, it seems to make it feel like an entirely different dance. Come out and see what we mean – tonight at *DanceQuest*.

**Friday Night "Fun" Class**

7:00 pm

**Tango & Single Swing**

Our Friday night "Fun" class is probably one of our most popular classes of the week. And it's a perfect class for all levels of dancers to join in. The instructors will take these two dances and introduce you first to the basics – then add something "fun" for everyone to enjoy. So it matters no whether you are an advanced dancer or a beginner, you'll learn something new and interesting in this class.  
And – make some *new* friends along the way.

**Friday Night Dance Party**

8 – 10 pm

Stay for the party right after the "Fun" class and practiced what you've learned with your new dance friends.

**Class and Party - \$15 a person / \$20 a couple.**
